

TECHNOLOGY DATA SHEET
AS FEATURED ON THE VISTEON/3M PROMOTYPE VEHICLE

DUAL-ACCESS CONSOLE LID

DESCRIPTION:

Offers convenient access and easy viewing of contents within the console bin through the use of a 180° center pivot feature. This patented design increases storage by enabling the underside of the console lid to contain an interface port for

VALUE OPPORTUNITY

- Convenient access and easy viewing of contents stored under the console armrest lid
- Dedicated functional storage space for electronic devices
- Can include USB port for electronic device interface

TECHNICAL BENEFITS

- Eliminates need for clam shell lid
- Fewer moving pieces results in reduced squeak & rattle potential
- Meets structural requirements for armrest loading
