

3M™ SOLAR MANAGEMENT FILMS

DESCRIPTION:

3M films have an advanced multilayer construction that reflects up to 97% of IR radiation while providing excellent UV blockage and SPF to increase cabin comfort and passenger safety. This unique construction is also 100% metal free, delivering zero interference with mobile devices and reduced reflectivity.

Crystalline films are tested and perform best when the sun is high at the hottest part of the day.

All films are tested at a 90 degree angle to window.

VALUE OPPORTUNITY

- Superior UV protection helps protect yourself, your passengers and your car's interior.
- Many of 3M's films are totally metal-free, offering a significant breakthrough in window film technology.
- Reduced reflectivity that is lower than glass helps you see more clearly.
- 3M automotive films provide superior heat rejection, bringing added comfort to both driver and passengers.

TECHNICAL BENEFITS

- 3M™ Crystalline Films have a UV blockage performance of 99.9% and a total SPF that exceeds 1700.
- Long life and easy maintenance without corrosion issues are benefits.
- There is zero interference with mobile phone, GPS and radio reception.
- 3M window films provide substantially reduced reflectivity as compared to traditional window films. This greatly enhances car window views, as well as protecting their original beauty.

ADDITIONAL INFORMATION

3M automotive film's multilayer technology also protects in two ways:

- In the event of an accident, our films help minimize flying glass, protecting interior occupants against serious injury.
- The strength of these films provides an added level of security by deterring crimes such as break-ins, theft and vandalism.

This 3M product is developmental and available for evaluation purposes only. This product has been commercialized for general sale, and its formulation, performance characteristics and other properties, and availability are not guaranteed and are subject to change without notice. User is responsible for evaluating and determining whether the 3M product is suitable and appropriate for a particular use and intended application. Except where prohibited by law, 3M will be not liable for any loss or damage arising from this 3M product, whether direct, indirect, special, incidental or consequential.
